## EDITORIAL NOTES.

The Republican party is one of fixed ideas. It was born through a love of liberty. It spent its youth fighting for freedom. Its early manhood was taxed to its utmost in defense of our national existence. It waded through blood that it might give freedom to a race. It found our country without credit in the money centers of the world and to-day we can borrow untold millions at three per cent. It has fostered our industries until the prosperity and wealth of our people are fabulous. It believes in a sound currency, in a free ballot, and a fair count, in a fair and honest adjustment between capital and labor, in the abolition of Mormonism—or rather in its total destruction, both in root and branch; and it believes in the education of the masses throughout the entire land.

An editor who knows what he is talking about says that when a man says, "Stop my paper," simply because it does not ride his hobby, you may safely risk your last dime that such a subscriber is a knave or a bigot. If he expects the editor to sell his opinion for patronage, he is a knave; if he seeks to crush out discussion of topics of public concern, he is a bigot. Such men are, as a rule, the most contemptible specimens of humanity in communities in which they reside, and their withdrawal of patronage has about as much effect upon the success of an able and honestly-conducted newspaper as the braying of a jackass would have in silencing the roar of Niagara.

The Democrats, when in control of the House of Representatives, did nothing with the Mormon question. They were afraid to touch it. But the Republican party, having the courage of its convictions, no sooner was restored to the control of legislation than it not only unseated the polygamist Cannon, but passed the Edmunds bill. See the difference?

The New York World, referring to the conventions of the two parties in its own State, remarks that "it is of vastly more importance to the people of New York to consider what manner of men shall be put into the public offices of the commonwealth than it is to consider by what party names these men shall be called."

## EASTERN DISPATCHES.

## A Big Come-Down in the Value of Land.

WASHINGTON, September 29. Joseph K. McCammon, Assistant Attorney-General for the Interior Department, was sent some time ago to make a treaty with the Flathead Indians, under which the Northern Pacific Railroad Company should have the right of way for their road through the reservation. McCammon returned yesterday, having had a successful and rather adventurous trip. After a ride of 600 miles in a stage coach he arrived at an agency where negotiations were to be conducted. Braves were on hand to receive him. At the first meeting the Indians were anything but friendly. They brandished their weapons and talked loudly in a menacing strain. The Commissioners began to feel a little uneasy. McCammon soon found the cause of this hostile behavior to lie in the belief of the Indians, due to false reports of interested white settlers, that the Commissioners had come to rob them of their lands. McCammon made haste to disabuse them of such erroneous views of the mission, and explained the object of his visit, which was to pay them a fair price, to be mutually agreed upon, for their lands. This statement pacified them, and they left the Commissioners to treat with their chiefs. At first the chiefs demanded \$1,000,000 for the land, but they evidently had no conception of the value of money, and readily consented to take \$16,000.

## A Medical College Squabble.

RICHMOND, Va., September 29. Considerable excitement prevails over the arrest of Lieutenant-Governor Lewis of Virginia by the Dean of the Faculty of Richmond Medical College. Governor Cameron recently removed the old Board of the college and appointed a new Board, of which Lieutenant-Governor Lewis was President. The old Board denied the Governor's authority and claimed that they were the legal Board under the law. To-day the new Board met and after organizing proceeded to the college to take possession. Upon arrival here they were confronted by four police, who, upon the order of the Dean of the Faculty, arrested Lieutenant-Governor Lewis for trespassing upon the property of the college. Lieutenant-Governor Lewis notified the police and Faculty that he would hold them responsible under the law for the indignity and illegal arrest.

## Another Bank Robber Caught.

CHICAGO, September 29. Word has been received here that Lott J. Dunkle, the fourth and last of the Kewanee bank robbers, was arrested at Battle Mountain, Dakota, yesterday. Dunkle is 25 years old and lived in Des Moines, Iowa, where his father is a merchant of high social standing. Young Dunkle was highly esteemed and was never before known to be engaged in any crooked business. He left Des Moines soon after the robbery and went to Wyoming Territory; thence to Dakota. He was armed with a rifle when taken and had \$1,500 in his possession.

## Not Guilty of Murder.

ATLANTA, Ga., September 30. Robert D. Bolton, Chas. A. Miller, Brent and Freeland, and James T. Self, Deputy United States Marshal and Collectors, charged with the murder of Jackson J. Hicks while on a raid, have been found not guilty.

## Messenger Boys' Strike.

CHICAGO, September 30. The American District Telegraph messenger boys in the main and branch offices of the city struck this morning for an advance of wages and a change in managers, and are parading the streets in a body.

## A Guilty Star-Router.

PHILADELPHIA, September 30. The jury in the star route cases returned a verdict finding Joseph Funk, Wm. R. Carson, Henry Arbuckle and Joseph Blackman not guilty, and Jas. R. Blackguy, with recommendation for mercy. Black was bailed in \$5,000.

## A Positive Denial.

CHICAGO, September 30. A committee from the Third Congressional District Democratic Convention called on Mayor Harrison this morning for his answer. He positively declined the nomination tendered. The convention will be reconvened on Monday.

## Burned to a Crisp.

LAMONT, Ills., Sept. 30. A boarding-house occupied by quartermen was burnt here at 1 o'clock this morning. Two young men named Coova and Green failed to escape and were burned to a crisp.

## Illinois Railroads.

SPRINGFIELD, Ills., September 30. The taxable value of railroads in this State, of which there are 7,539 miles, is \$56,727,530, as determined by the State Board of Equalization.

## Killed by a Blast.

NEWBURGH, N. Y., September 30. Near Cornwall, on the line of the

Middleton branch of the West Shore Railway, three men men were killed and three badly hurt by a premature blast.

## FOREIGN TELEGRAPH.

## Egyptian Affairs.

CAIRO, September 30. Many natives go about the city shouting with delight over the explosion on Thursday, and crying: "This is the people's bonfire. It is by the people in honor of the Khedive's infidel friends." The court martials commenced work to-day.

Railway traffic between Cairo and Alexandria is now completely re-established. The momentary uneasiness caused by the fire at the station has subsided. The Khedive has conferred the grand cross of the Order of Osmanli upon Admiral Seymour.

## After the Jews Again.

VIENNA, September 30. Anti-Jewish riots at Pressburg broke out again yesterday evening and lasted until midnight.

## Declines the Honor.

LONDON, September 30. The Times this morning says it understands that Admiral Seymour personally is unwilling to accept the elevation to the peerage.

## REPUBLICAN CONVENTION.

The Delegates Work Harmoniously and Dispose of Business Rapidly.

J. C. Smith, chairman of the Central Committee, called the convention to order at 10:30 A.M. Dr. Waggoner was elected temporary chairman. He said he would not make a speech. "Time is precious, and the convention has a great deal to do. If the work is not done well the people will not ratify it in November. It is to be hoped the convention will work for harmony in the party. To-day is the time to bury all factions out of sight. Look well to your nominations. To nominate a man because he has money is in some way a corruption of the franchise. I hope the day of corruption has passed in Washoe county and Nevada."

W. L. Bechtel was selected for temporary Secretary; Seymour Bryant, temporary Assistant Secretary; J. V. Peers, Sergeant-at-Arms. Mr. Wickes moved that the Chair appoint the committee.

Mr. Conkling amended that the Chair appoint a Committee of five on organization, one on order of business and one on platform and resolutions. For committee on credentials, McFarlin, Wickes, Herman, Lee and Donnelly were appointed; on permanent organization, Bobo, Conkling, Ebbitz, Joy and Merrill; on platform, Laws, Evans, Holbrook, Williams and Frost.

The convention adjourned until 1 o'clock.

The Convention met and the committees reported. There was only one contested seat. That was between J. F. Holladay, who had a proxy from Merrill, and Ross Jones. The latter was given the seat. John Wilson's proxy was handed in by W. R. Chamberlain, E. B. Towles by C. A. Lee and M. J. Dillman by Clark from Duck Flat. The Committee on organization reported in favor of making the temporary organization permanent; that candidates be assessed \$3 each, and that \$20 each be paid the secretaries and sergeant-at-arms. The platform is as follows:

Resolved, That this Convention endorse the platform adopted by the Republican State Convention held at Reno on the 4th day of September, 1893.

Resolved, That the Republicans of Washoe county heartily endorse the nominees of the Republican State Convention, from Governor to State Printer, as honest, true and capable men.

Resolved, That we recommend, and heartily endorse the nomination of the Hon. C. C. Powning for Member of Congress, and C. S. Preble for Surveyor General.

Resolved, That we recall with pride the efforts of C. C. Powning in the Legislature of our State while acting as Senator from this county.

Resolved, That we have known him from boyhood to manhood in Reno, and that we have ever found him temperate, moral, industrious and honest.

Resolved, That we feel confident that our candidate for Surveyor General is deserving the confidence and support of the people. That he is competent to fill the duties of the important office to which he aspires, and a gentleman whom we take pleasure in recommending to the voters of Nevada.

Resolved, That the salary law of this State is, in our opinion, just and equitable, and a great benefit to the tax payers of this county, and that it would be inexpedient to make any radical change therein.

Resolved, That the common schools of our county demand the fostering care of every good citizen. That their management should be placed in the hands of our best men, and

that the different precincts of the county select such men for school officers.

Resolved, That the Republican party of Washoe county views with concern a bankrupt treasury, the general depreciation of values throughout the State and the uncertainty of the near future—realizing the necessity for immediate and practical legislation in the direction of stern retrenchment and a wise and prudent administration of county affairs, and that our candidates for legislative and county offices be solemnly pledged to use their best endeavors to secure the needed legislation and desired economy in public affairs. Your committee on platform and resolutions.

P. N. Marker was nominated for State Senator by acclamation. C. S. Varian, H. L. Fish, W. E. Price and Dr. Fred Hutchins were presented for the Assembly nominations. Mr. Conkling asked if the fact that Mr. Varian was United States District Attorney rendered him eligible. Mr. Varian said he would not be in the office after Oct. 15th. He could not hold any office of profit in the State if he had a Federal office. He made a model little speech, paid in three big dollars, and retired. Mr. Fish said he had intended to address the convention at some length on questions of importance, but circumstances had changed his determination and he would do so later. During the recess tried friends had come to him and represented that he could help the Assembly ticket materially and he had consented to take second place instead of the Senatorship. Mr. Price said he would carry forward the interests of the county if elected. He left it to the wisdom of the convention to decide. Dr. Hutchins said that twice in 20 years he had stood before conventions. He had voted for every Republican ticket and with but one scratch. He had worked against the corporations and against the politicians who had sold them like sheep in the shambles. He then declined the nomination. The other three were then nominated by acclamation.

FOR SHERIFF

C. W. Jones, R. P. M. Kelly and J. F. Emmitt were named. The ballot stood: Jones 19, Kelly 10, Emmitt 18. After the fifth ballot Mr. Kelly withdrew his name, and on the sixth Mr. Emmitt was nominated.

For Clerk, P. B. Comstock, T. V. Julien and J. F. Myers were placed in nomination. The vote stood: Myers 20, Comstock 18, Julien 9.

P. B. Comstock received the nomination on the ninth ballot. S. C. Fogus and T. N. Carey were nominated for long term Commissioners, both good men. The first vote was Carey 22, Fogus 23. The second gave it to Fogus.

## CARSON JUSTICE.

Stripped by a Dog—The Deceptive Mirror

Yesterday afternoon, says the Appeal, Henry Elder was tried before Justice Cary on the charge of shooting a dog belonging to John Malin, a neighbor. The complaint alleged that the accused had put a double-barreled shotgun down the dog's throat and blown his brains out over his tail, plastering them on a board fence several yards away, and all without just cause or provocation. The defendant took the stand and swore that the dog had chased him up Musser street on the night of the Democratic meeting and tore the seat of his pants out. The defendant here introduced the piece of cloth in evidence marked Exhibit A. In continuing to elucidate his troubles he swore that the dog had left the marks of five teeth on his person, inflicted when dispossessing him of the portion of the pants aforesaid.

Attorney—You swear positively to the teeth marks.

Witness (emphatically)—Yes, sir.

Attorney—How do you know, sir, that there are five marks?

Witness (confusedly)—I saw 'em, sir.

Attorney (sternly)—How?

[At this point the excitement of the audience was roused to the highest pitch and the jurors were nailed fast to their seats with attention.]

Witness—I inspected my wounds, sir. I assisted my researches with a mirror, sir.

Attorney (savagely)—Ah, sir; so I thought. Evidence of this sort is not admissible. Greenleaf, in his exhaustive treatise, holds such evidence to be totally inadmissible. A flaw in the glass, a stain or crack upon its surface might convey to the excited imagination of the witness the idea of wounds which did not exist.

The Court held that the point was well taken and ruled out the testimony. The jury, however, seemed to have considered it good, for they found for the defendant and taxed the plaintiff with the costs.

## Wadsworth Notes.

The sudden death of Ed. Henry at Reno Thursday cast a gloom over Wadsworth, where he was a general favorite, and loved by all who knew him. Jack Leathers' team, attached to a buckboard wagon, ran away yesterday, in the lower end of town, making things lively for a few moments. They were soon caught, however, without any serious damage being done. The excellent corps of locomotive engineers who run on the C. P. from this place, are somewhat jaded by the extra strain on brain and muscle. The heavy run of freight is taxing them to their utmost capacity. The political war is still raging. The minister at this place recently purchased a meek-looking, half-broken mustang colt, which he attempted to ride, but the weight of theology was more than the colt was willing to bear. The rider had scarcely landed in the saddle before that colt "got his back up," made a few motions like an old fashioned up and down saw mill, accompanied by a few eccentric "side issues," and there was a fall of orthodoxy. The colt was not hurt—nor was the rider.

## IMMIGRANT.

## A Strong Team.

C. A. Bragg & Co. and the Reno Planing Mill Company have consolidated and will be under the management of Wm. Henry. The Washoe Mill and Lumber Company are prepared to do a general wood and lumber business. The new firm will keep a stock of common and dressed lumber, doors, sashes, blinds, mouldings, brackets, lath, cedar fence posts, wood and slabs, redwood rustic and ceiling, surfaced Oregon pine flooring and scantling, redwood shingles and shakes and every description of building material. They are also prepared to make packing and fruit boxes of every description, scroll sawing and turning they will do to order. The new company have a telephone line running from Jerry Schooling's store to their yard west of town. Customers can order what they want by stepping into Schooling's. Read their new ad. in to-day's GAZETTE.

## Fast Horses for the Fair.

O. H. Shear, the horse man, arrived here this morning in a special car in charge of a lot of fast horses for the Fair. Among them are the runners, Duke of Monday and Maria F., belonging to George Hurst, Jack Gilman's Red Boy, and W. L. Pritchard's Frank Rhodes. Among the trotters are Tump Winston, with a record of 2:26; Slim Jim, 2:40; General, 2:50; Long Valley Maid, 2:40, and Colonel, 2:40.

## A Nice Present.

C. P. Hovie, a San Francisco dog fancier, has presented W. R. Chamberlain with an elegant book containing water color paintings of the best dogs exhibited at the last San Francisco bench show. The work is from the brush of A. Pope, Jr., the celebrated dog painter, and is really a work of art.

## Catholic Festival.

Ladies of the Catholic Church have rented Kimball Hall and will hold a social festival every evening during Fair week. Songs and recitations from 8 o'clock until 9 p. m. Soiree from 9 p. m. to 12 o'clock. Read advertisement.

## BLACK-LEG IN LASSEN.

A Contagious Disease That is Making Havoc Among Cattle.

It is said that the disease called "black-leg" is doing great damage in the vicinity of South Fork, Lassen county. It usually attacks the fattest and finest calves and yearlings, but there is not known a case where two-year-olds and over have been attacked. The calves may appear to be in usual health till all at once one will suddenly begin to drag one of its legs, either fore or hind. The leg will at once begin to swell and in from fifteen minutes to an hour the animal will drop dead. No cause or remedy is known for the disease. As only the fattest are attacked by the disease the plan of reducing them has been tried. This is done by opening a blood vessel under the creature's tail and letting the blood flow copiously. In addition the cattle men also keep the calves away from the mothers as much as possible to prevent them sucking. The disease is doing very serious harm.

## Church Notice.

Services in the Baptist church conducted by the pastor Rev. E. B. Hatch, at 11 A. M. and 7 P. M. Hand of fellowship extended to new members, and the Lord's Supper observed at the close of the morning service. Evening subject: "Spiritual Reception."

There will be services at the Congregational church (A. B. Palmer, pastor) at 11 A. M. The evening service will be omitted, giving an opportunity to hear Dr. Stratton at the Methodist church. Sunday school at 12:15 promptly.

To-morrow at the Methodist church there will be a conference love feast at 9:30 A. M. Bishop Hurst will preach at 11 o'clock, and after the sermon will attend to the ordination service. At 2:30 a Sunday-school exercise will be held. Reverend Dr. Stratton will preach at 7 P. M., and after the sermon the conference will formally close.

## Man Killed at Downsville.

News has been received here of the killing, at Downsville, of a man named Jake Worden, by John Hughes, the Democratic candidate for Constable, last Saturday. The cause of the affair was, as near as can be learned, that Worden had been circulating the slander that Hughes' wife had been stealing eggs. This irritated Hughes greatly and on Saturday night he saw Worden passing his house and immediately started after him with the intention of giving him a severe thrashing. Worden saw him coming and reached down for a rock. Before he could get one, however, Hughes picked up a rock weighing about eight pounds, and struck Worden with it, fracturing the skull, from which death shortly afterwards resulted. Both men are known in Reno.

## Reno Guard—Company C.

It is expected that every member of the Reno Guard will be present at a special meeting called for Sunday afternoon, October 1, in Kimball's Hall, at 2 o'clock. Business of special interest to every member of the company will come up for consideration. Members lawfully detained from said meeting will be required to notify Secretary W. E. Fisher or Sergeant C. A. Loomis. By order, ABRAHAM MOGER, Captain. W. E. FISHER, Secretary.

## Works of Art.

Miss Lou Addison, a Virginia City artist of reputation, Mrs. L. H. Torp and Miss Mell Wright, daughter of Dan De Quille, will exhibit an interesting collection of oil paintings at the Pavilion during Fair week. Hon. D. O. Addison is here to-day arranging the collection for exhibition. Mrs. W. R. Jenvey and Mrs. W. A. Walker, Reno, will also display several very beautiful paintings. The exhibition in the art department promises to be very much better than ever before.

## Reaping His Reward.

M. Raphael left this morning for his mine at Downsville, which is attracting much attention. It has more ore in sight than any other mine on the coast, and is undoubtedly a bonanza. Mr. Raphael stood by it when few but him had confidence in its ultimate prosperity, and now he is reaping his reward. Fortune could not fall into better hands.

## Special Fair Train.

The Fair Trustees received a letter from Superintendent Yerington last night stating that he would run a special Fair train next week from Virginia to Reno and return, as in former years, leaving Virginia about 7 A. M. and Reno at 5:30 P. M. This will be a great accommodation to the public.

## Apparently Forgotten.

It seems to have been forgotten that the bodies of the drowned Laroombes still lie at the bottom of the Truckee river. There ought to be some effort made to recover them. It would be at least a negative consolation to the friends of the deceased to be able to give the bodies a decent burial.

## A Beef Transaction.

The Tuscarora Times-Review says: J. J. Hallam has disposed of his band of about 500 head of stock cattle to Messrs. Bally & Sayles, and will leave here in a few days for California. His loss during last winter was about 300 head.

## Bell-buoys for the Golden Gate.

Two large bell-buoys went west on last night's train. They will be placed at the mouth of San Francisco harbor, over the wreck of the steamship Escambia, which capsized and sunk there a few weeks ago. The queer-looking concerns attracted considerable attention from persons who had never before seen anything of the kind. The peculiarity of these buoys is that no matter how calm the ocean may be they are always in motion and keep up an incessant ding-dong to warn mariners.

## Services This Evening.

This evening an educational meeting will be held at the Methodist church. Addresses may be expected from Rev. Dr. Stratton and Bishop Hurst.

## A Rumor.

It is rumored that George Avery our present constable, will ere long sell his Reno property and go to take a position of honor and trust in Denver, Colorado.
